SESSION 3:

I WHAT ARE WORLDVIEWS

WORLDVIEWS: A SURVEY AND A TEST

"People function on the basis of their worldview more consistently than even they themselves may realize.

The problem is not outward things. The problem is having, and then acting upon, the right worldview –

the worldview which gives men and women the truth of what is." –Francis Schaeffer.

| I. WHAT ARE WORLDVIEWS: |
|--|
| A. DEFINING THE TERM |
| The term worldview refers to a person's of |
| A worldview is a set of beliefs by which a person acknowledges an ultimate, makes sense of their, and in reaction to those beliefs. |
| Forming a worldview is; living consistently with it is not. |
| A fully formed worldview includes: |
| a the central story of reality and existence a the fundamental ideas about reality and existence a the resulting life that comes about a the communal identity that is shared |
| B. FRAMING THE DISCUSSION |
| The varying ways in which people answer questions results in differing worldviews. |
| In Romans 1, the Apostle Paul describes the development of humanity's beliefs as it moves further from God. |
| "Claiming to be wise, they became fools, and exchanged the glory of the immortal God for images resembling mortal man and birds and animals and creeping things." Romans 1:22-23 |
| Francis Schaeffer spoke often about a/ divide that people have imposed on the world and their lives. |
| Most worldviews may be categorized by a distinction between whether reality is ultimately or |
| Broadly speaking, we may frame our discussion about worldviews generalizing three groups: |
| Naturalism: belief that reality is essentially and totally |
| Pantheism: belief that reality is essentially and totally |
| Theism: belief that a creator is sovereign over reality that is both natural and spiritual |

| | Theism | Naturalism | Pantheism |
|--------------|---------------------|--------------------------|-----------------------------------|
| Reality | Spiritual/Physical | Physical | Spiritual |
| God | creator | creature | creation |
| World | redeemed creation | physical evolution | spiritual evolution |
| Humanity | like God but fallen | like animals but smarter | one with god but disillusioned |
| Body/Soul | soul with a body | body only | soul only |
| Immortality | resurrection | annihilation | reincarnation |
| Authority | revelation | reason | reincarnation |
| Truth | absolute | relative | personal |
| Evil | rebellion | ignorance | illusion |
| Salvation | redemption | education | meditation |
| Jesus Christ | Savior God | Great Moralist | Enlightened Teacher |

II. HOW DO WE TEST WORLDVIEWS?

"Beloved, do not believe every spirit, but test the spirits to see whether they are from God, for many false prophets have gone out into the world." 1 John 4:1

In her book, *Finding Truth*, Nancy Pearcey outlines a strategy for testing worldviews.

People are more than their worldview often allows them to be.

| QUESTIONS 1: WHAT REPLACES GOD? | | | |
|--|--|--|--|
| Any worldview that does not acknowledge God as ultimate will at some point acknowledge a | | | |
| This is why the Bible does not contrast belief in God with; it contrasts belief in God with | | | |
| | | | |
| It could be argued that whatever a worldview makes ultimate ultimately points back to as ultimate. | | | |
| QUESTIONS 2: WHAT REDUCES HUMANITY? | | | |
| Any replacement of God will be a reduction. Consequently, —the image bearers of God—will be reduced. | | | |
| Stephen Hawking once said, "I regard the brain as a computer which will stop working when its components fail There is no heaven or afterlife for broken down computers; that is a fair story for people afraid of the dark." | | | |

| QUESTION 3: WHAT CONFLICTS EXTERNALLY? |
|--|
| If a worldview fails to adequately explain ultimate reality, it will at some point with what we know reality. |
| Christian apologist Greg Koukl refers to this a "into reality." |
| For example, one of the major philosophical problems we all face is why there is something rather than nothing. |
| This is a problem for the naturalist, because given that worldview there seem to be only two options: |
| The universe exists and has existed. The natural universe came into existence by causes. |
| Both of these disagree with what basic and accepted tell us about the universe. |
| QUESTION 4: WHAT CONTRADICTS INTERNALLY? |
| If a worldview fails to adequately explain ultimate reality, it will at some point its own truth claims. |
| In his book <i>The Blind Watchmaker</i> , Richard Dawkins wrote: |
| "In a universe of blind physical forces and genetic replication, some people are going to get hurt, other people are going to get lucky, and you won't find any rhyme or reason in it, nor any justice. The universe we observe has precisely the properties we should expect if there is at bottom, no design, no purpose, no and no, nothing but blind pitiless indifference." |
| However, Dawkins wrote and narrated a documentary titled <i>The Rood of All</i> ?, which became the basis for his bestselling book <i>The God Delusion</i> , in which he decries religion as " and" |
| In an interview, Dawkins stated, "Faith is one of the world's great, comparable to the smallpox virus but harder to eradicate." |
| He claims that there is no good or evil in the universe, but he also frequently claims religious belief is evil. |
| QUESTION 5: WHAT DOES CHRISTIANITY OFFER? |
| A major issue with worldviews is that, while they offer a clear view of of reality, they present a view of the rest of reality. |
| Naturalism greatly values discovery and human rationality. Pantheism greatly values experience and human intuition. |

 $Both\ types\ of\ worldviews\ seem\ to\ neglect\ what\ the\ other\ emphasizes.\ They\ miss\ "both\ sides\ of\ the\ story."$

Whereas Christianity tells both sides of every story.
